Dear Mr. Dulles:

The Secretary of State is required by Public Law 806, 81st Congress, 2nd session, to report annually to the Congress on the extent and disposition of United States contributions to international organizations in which the United States participates as a member, regardless of the appropriation from which such contributions are made. The report for fiscal year 1957 has just been transmitted to the Congress.

In addition, the Department furnishes annually for the "United States Government Organization Manual", a list of multilateral organizations in which the United States participates, including those where no financial contribution is involved. Enclosed is a copy of the list of organizations which was furnished last year for that Manual, and a copy of the fiscal year 1956 report on contributions (House Document 112). In the latter, the basic list of organizations is found on pages 2 and 3.

I will greatly appreciate it if you will check both lists and let us know if there are any additional organizations in which your Agency participates which should be included in either list. Any questions in connection with this request may be referred to the Office of International Administration, Republic 7-5600, extension 4171.

In view of the time schedule for the next edition of the Government Organization Manual, it would be most helpful if we could have your reply by April 15.

Sincerely yours,

For the Secretary of State:

Francis O. Wilcox
Assistant Secretary

Enclosures:

1. List of organizations.
2. House Document 112.

The Honorable
Allen W. Dulles,
Director of Central Intelligence.
